

CONFERENCE CALL

XXV. SPRING WIND CONFERENCE

The Association of Hungarian PhD and DLA Candidates (DOSZ) is overjoyed at organizing the regular annual conference in 2022 at the University of Pécs, Hungary. DOSZ is holding a multidisciplinary scientific conference labelled as the Spring Wind Conference in Pécs, between **6-8th of May 2022**.

Young researchers and doctoral candidates from all scientific discipline have the opportunity to present their research outcomes in **Hungarian and English**, also in **oral or poster sessions**.

The Organisers are pleased to invite the representatives of higher education institutions, government and business sector, colleagues and experts who are interested in the topics.

Registration

Attendance at the conference is subject to pre-registration. The registration interface is available on the **DOSZ website** (https://dosz.hu/event/spring_wind_2022). In order to facilitate communication during the registration process, applicants must provide their contact details. The information the applicants provide will be handled in accordance with DOSZ Data Privacy Policy. **Registration first becomes effective with an abstract submission of a minimum of 1800 and a maximum of 3600 characters.** The abstract is a summary of the applicant's scientific work, in which the background of the research, the aim of the scientific research, the questioning, then the results achieved so far and further possibilities are briefly summarized, without references, according to the formal and content requirements of scientific writing. Five keywords that describe the topic are also required. The abstract can only be uploaded via the registration interface. Please note that organizers do not accept applications submitted via e-mail or on other communicational channels.

Deadline for submissions and abstracts: 13 March 2022 11:59 pm

The Organizers undertake each abstract to a proofreading process with DOSZ Scientific Departments. Candidates will be notified electronically of the results **by 3 April 2022**.

Please note that abstracts cannot be accepted in the following cases:

- if it is uploaded after the application deadline,
- if the Applicant did not use the template provided by the Organisers at the application site,
- if it does not meet with the basis of scientific requirements.

Upon approval of the abstracts, the Applicant will be notified about the payment of the registration fee for the registration package of his choice. Please note, Organizers will not be able to refund the registration fee due to lack of attendance at the conference.

Planned scientific sections of the Conference:

- Agricultural Science Section
- Political and Law Science Section
- Science of Biology Section
- Science of Philosophy Section
- Physical Science Section
- Geoscience Section
- Military and Law Enforcement Science Section
- Theological Science Section

The Organizing Committee reserves the right to reclassify lecturers between sections or to merge or divide each discipline section according to the number of applications.

Conference Volume 2022

If the lecturer wishes to publish his research results in the Conference Volume, scientific articles meeting the formal requirements shall be submitted not later than 12 June 2022 through the conference registration interface.

The eligibility of the studies to be contributed shall be reviewed by a lector with a relevant scientific degree (PhD, DLA). Applicants should manage the review process and upload the lectors' permission together with the article. An additional requirement is to upload a completed and signed copyright statement. In order to be able to clearly identify of the author, the title of the study, the reviewer permission and the copyright statement documents must include the

name of the participant (eg: Sample_Simon_copyright, Sample_Simon_reviewer, Sample_Ottor_Study). Only papers in the format (downloadable from the application platform) required by DOSZ can be accepted for publication. Incomplete studies that do not meet the formal requirements will not be published by the Organizing Committee in the Conference Volume. The accepted, peer-reviewed studies will be published in an ISBN conference online volume with the names of the reviewing lectors.

Organizers are reminding applicants that only a scientific transcript of the lectures delivered at the Conference may be published in the Volume.
